12.06	Assoc prof Marusyk UI
13.06	Assoc prof Buryniuk-Glovyak HP

Practices and consultations are held in teachers' classrooms or in the lecture hall.

Reworks and consultations are carried out only offline.

No more than 20 people per day will be allowed to rework.

On the eve of the work day, the student must take turns in the department of the clinical base and report to the teacher in writing (to be agreed with the teacher).

Practices and consultations are held if the students have appropriate clothing.

Practice in the form of traditional classroom training.

Time: Wednesday (for all students) - from 4:00 p.m. (5th year), from 2:00 p.m. (6th year) (or as indicated by the teacher in Moodle and the e-journal) until the end of homework (or as indicated by the teacher in Moodle and e-journal).

Rework of Final Module Controls for students of the 6th year is carried out according to individual schedules twice per semester (follow the announcements).

Practices and consultations are not held on public holidays.

Approved at the meeting of the Department of Pediatrics and Children's Infectious Diseases of the BSMU on January 28, 2025, protocol No. 10.

Head Department of Pediatrics and  
Children's Infectious Diseases, Doctor  
of Medicine, Prof.

O.K. Koloskova
